

BRUTAL DESIGN**-UF-Zer0- CONCRETE & STEEL PENDANT**

Category: [Concrete Lighting](#)

Order code: UFZ-01

Description: View the [UF-Zer0 Concrete Pendant Light](#) page

Concrete pendant light with glass dome lens, steel lens retaining ring and steel "waist line" connection rings. Suspended from a heavy duty industrial eye ring, hand forged S-hook and heavy gauge steel chain. The glass bulkhead dome lens is a "new old stock" (NOS) M.O.D issue from the early 1950's,

The light is constructed in two sections. The upper section that houses the porcelain E27 screw fitting is bolted to the lower shade section via inserts set into the concrete during the casting process. The glass dome is held in position by the raw steel retaining ring, which is also bolted to the concrete via threaded inserts.

4 flex colours and 3 standard lengths are available.

Specification

Materials:	<i>Concrete:</i>	Original recipe polymer fiber reinforced.
	<i>Edging Ring:</i>	Laser cut mild steel.
	<i>Mid Ring:</i>	Laser cut mild steel.
	<i>Eye Bolt:</i>	M8, Mild Steel
	<i>Lamp Holder:</i>	Porcelain E27 screw fitting, Rated Temperature: T270
	<i>Chain:</i>	Mild Steel 30 x 20 x 5
	<i>Flex:</i>	6mm 3 core braided flex (0.75mm)
Finish:	<i>Concrete:</i>	Raw self colour
	<i>Steel:</i>	Raw self colour
