

BRUTAL DESIGN

LUNA CONCRETE AND STEEL

Category: **Concrete Lighting**

Order code: **L03**

Description: The "Lunar" shade consists of 19 individual cast concrete segments bolted between two laser cut steel plates, the base ring and the connecting plate. The bulb holder housing is bolted to the connecting plate. The connecting bolts fix into threaded inserts set into the concrete during the casting process. The light is suspended by a steel eye nut and hand forged steel hanging rod which is made to suit the required drop of the lamp.

Specification

Materials: *Concrete:* 40Nmm2 polymer fibre reinforced
Lamp Holder: Porcelain E27 screw fitting, Rated Temperature: T270.
Eye nut: Steel 8mm x 25mm.
